

# Uniqplan, Stranger

You've never try to make me ()  
You've never hash my stormy ways  
You've never offered your warm hand  
One warm hand

Walk away

I can't stop feeling with you like a stranger  
I can't stop feeling with you like a stranger  
I can't stop feeling with you like a stranger  
I can't stop feeling with you like a stranger

I'm like a loner in the crowd  
I'm like twilight in the sun  
I'm like behind the wall of dust  
A wall of dust

Between us

I can't stop feeling with you like a stranger  
I can't stop feeling with you like a stranger  
I can't stop feeling with you like a stranger  
I can't stop feeling with you like a stranger

It's getting stranger and stranger  
If you feel the same you level ()  
If you've ever just try to get closer

I can't stop feeling with you like a stranger  
I can't stop feeling with you like a stranger  
I can't stop feeling with you like a stranger  
I can't stop feeling with you like a stranger
