

# Unisonic, Intro & Unisonic

Coming outta nowhere  
Running from the rain  
Rocking on a groove  
Cryin out again

Sing a little high  
Sing a little low  
Everything we do comes down to  
Rock and roll...yeah

All i wanna be  
All i wanna know  
Got to feel the power  
Loose control

Everybody there?  
How about you?  
Come on over here  
Get in the groove

Another ride  
Another day  
We've come and gone  
A long long way!  
Unisonic, unisonic, unisonic

Chuggin like a monster  
Buzzin like a hive  
Everything is set  
To overdrive

Give a little here  
Take a little there  
Living on the edge but  
I don't care.
