

Unit Lost, Friday Evening

Friday evening is here again
Beer is bought for the night
Got to get out to see what's on
Noone knows what's in the shadows

Drinking beer and have a laugh
Just for fun no certain cause
Drinking beer and have a laugh
It's only Friday once a week

Nine o'clock we are getting pissed
Friends are coming, friends are going
Ain't got no password, just friend or foe
Maybe there is a fight
When nothing else to do

Drinking beer and have a laugh
Just for fun no certain cause
Drinking beer and have a laugh
It's only Friday once a week

This is to the Skinheads and our friends
We'll meet sometime, somewhere
And we'll drink to the memories of our times
To the future, and we'll have a good time

Drinking beer and have a laugh
Just for fun no certain cause
Drinking beer and have a laugh
It's only Friday once a week

Jag vill ha fredag idag...
