

# Universal Hall Pass, Six Step Dragon

Time stopped by  
Pulling weeds up on a mountainside  
Come back to me my heart

Time stopped by  
Pulling weeds up on a mountainside  
Come back to me my heart

Time on a mountainside  
Pulling weeds up from a blind confession  
She's mending broken lines  
Climb to heaven on her six-step dragons

Lighting fires  
Caught her pulling wings from butterflies  
Come down to me be free  
She's letting go of chasing time  
She'll leave that to the rushing waters

Not every butterfly pulls a hurricane from over China  
Keep mending broken lines

Time stopped by  
Pulling weeds up on a mountainside  
Come down - lai zi xin li\*  
She'll serenade as blossoms sigh  
Thanks to the lady in the mountainside

Time on a mountainside  
Pulling weeds up from a blind confession  
Not every butterfly pulls a hurricane from over China  
She's mending broken lines  
Climb to heaven on her six-step dragon

\*Chinese translation: lai zi xin li - from the heart
