

# Universal Poplab, Black Love Song

Words

Nothing but words

Will they still hurt

When you have cut your ears off?

Wait

Waiting for love long gone

Writing a black love song

For the broken hearted

Losing myself

In pity for myself

Losing myself

In pity for my

Black love song

The death of all tomorrows

Black love song

The death of all tomorrows

Words

Nothing but words

Will they still hurt

When you have your ears off?

Wait

Waiting for love long gone

Writing a black love song

For all the broken hearted

Losing myself

In pity for myself

Losing myself

In pity for my

Black love song

The death of all tomorrows

Black love song

The death of all tomorrows

Black love song

Still waiting for love long gone, ooh

Black love song

Still waiting for love long gone, ooh

Black love song

Still waiting for love long gone, ooh

Black love song

Still waiting for love lone gone

Black love song

The death of all tomorrows

Black love song

The death of all tomorrows

Black love song

The death of all tomorrows

Black love song

The death of all tomorrows

In

In pity for myself

(Black love song)

(Still waiting for love long gone)

In pity for myself

(Black love song)  
(Still waiting for, still waiting for love long gone)  
In pity for myself  
(Still waiting for, still waiting for)
