

Unkle, Lawless

In the dead of night
I become someone else
Cut all my ties
Blow my mind off the shelf

We're a lawless brigade
Up all night, up all night
We're a lawless brigade
Up all night, no restraint

Let it rise
Way out of control
You can't disguise
What's inevitable

We're a lawless brigade
Up all night, up all night
We're a lawless brigade
Up all night, no restraint

In the dead of night
I become someone else
Cut all my ties
Blow my mind off the shelf

We're a lawless brigade
Up all night, up all night
We're a lawless brigade
Up all night, no restraint

We're a lawless brigade
Up all night, up all night
We're a lawless brigade
Up all night, no restraint
