

# Unleashed, I Bring You Death

Once a friend  
With open arms  
A moment black  
Now dagger sharp sits in my back  
Felt the pain  
Seeing red  
It's all too late  
Before my eyes the veil of hate  
You took my soul, I'll take your flesh  
So filled with rage I bring you death  
I bring you death  
I bring you death  
On you knees  
Before me bleed  
How's it feel?  
To be the one to be deceived  
See the life  
Now drain away  
As you die  
Your filthy pleas just pass me by  
You took my soul, I'll take your flesh  
So filled with rage I bring you death  
I bring you death  
I bring you death
