

Unleashed, If They Had Eyes

If they had eyes
All they would have witnessed
Creature from the sea
Neanderthal to be...
Man has conquered athra
And to all the gods he gave birth
Though mountains of the dead
Are the watchers of the earth...
...High above the clouds
...Standing tall in might
...Darkness surrounds
...The mountain side
If they had eyes
All they would have witnessed
Creature from the sea
Evil men to be...
