

Unlord, Inferno Bizarre

black is the blood inscript the name
three horned goat spewing flames
beyond the skies beyond the stars

red cadavers treasures plagues
feasts of flesh in deep embrace
born soldiers of Ornigoth
ancient rituals of the unlord

bless the child born of wrath
green and purple skies rains black
victor is born, born is hell
my lord sathanas, unclean my world

I kneel
I kneel
for my master
for my master
