

Unni Wilhelmsen, Can't Stop

Unni Wilhelmsen - Can't stop

He tells me it needn't be dangerous
but what does he know?
And the record keeps playing
and I rest my case for a moment there
I rest my case
And maybe I'll try for a second or so

I can't stop what's coming what he's doing to me
I can't stop what's coming what he's doing to me

I'm surrounded by things that I love
the silence is anchored up
And I need a clean surface to mess up now
And I need, for a moment there I need
And maybe I need for a second or so

I can't stop what's coming what's appearing inside
I can't stop what's coming what's appearing inside

And it's nobody's business, nobody's business, nobody's but mine
No, it's nobody's, nobody's, nobody's, nobody's business but mine
Nobody's business, nobody's business, nobody's aaah

Can't stop.. I can't stop..
I can't stop I can't stop I..

He tells me it needn't be dangerous
but what does he know?
And the record has stopped and I rest my case
for a moment, I rest my case
And maybe I'll try for a second or so

I can't stop, but maybe I'll try for a second or so x2
I can't stop, but maybe, maybe...
