

Unsane, This Plan

Know what this does
Pull-up, you can
Follow the leader
No time to make sense of this plan

Make sense of this plan

Saw what it was
Stick up, this man
Into the alley
No time to make sense of this plan

Make sense of this plan

Taken, by threat
Lost all the choices you had
Taken, not yet
Put out, you can

Look what this does
Wake up, can't stand
Off of the sidewalk

No time to make sense of this plan

Tell what this was
Burn up, this land
Thought up the changes
No time to make sense of this plan
