

UnSuNg ZeRoS, By The End Of The Day

by the end of the day
i'll turn and run again
right back to the girl
who's put me where i've been
feeling down turned around
so dizzy that when i get out
i just run right back in
it makes no sense
i run so much
right back to her
and that's messed up
i really want to get away
she's playing games
that i can't play
feeling down
turned around
so dizzy that when i get out
i just run right back in
i'm scared what my life
wouyld be without her there
i gave up my friends
back then i didn't care
i should have said
i want my friends instead
gonna get them back right now
gonna leave that bitch
for dead
