

# UnSuNg ZeRoS, Fall

take me out  
drag my face across pavement  
and make it look wrinkled and old  
cause that's how I feel today  
spent out like change  
you toss out at toll booths  
it adds up when you drive alot  
and you hate to use it  
but it sends you on your way  
that's the point  
I went on  
without you

Thought I would fall  
and no one would catch me  
lose all I had going for me  
but I was wrong  
When you let someone control your life  
they're the only person  
who makes it seem right  
it's hard to change

The funny thing is  
I'll end up in the same place  
yeah history repeats itself  
and it's sad but at least this time I'll know  
that every broken heart's  
not the end of the world  
even though it is hard to believe  
I'll cry and I'll go on

That's the point  
I can go on  
without you
