

Until Death Overtakes Me, Absence Of Life

Reach for the cold - eyes stare dead - unspoken dreams.

Absence of will - no joy in life - let me go.

Guide me away - another path - another life.

In need of - Understanding - for times to come.

All of my ways - all of my dreams - so meaningless.

More affection - in my heart - than in the world.

Absence of will - absence of love - hate this world.
