

Unwritten Law, Armageddon Singalong

By the way, if anyone here is in marketing or advertising, kill yourself!...

I'm a freak in the land of hypocrisy,
I'm the man and this place is going down,
I'm a girl and the world walks inside of me,
and no one's left around.

I'm a Jew of the few (? like fraternity)
and I'm the leader of the Ku Klux Klan,
and I'm as black as a panther in the jungle
and there's no one left around
'cause this place is going down.

I'm a geek rock freak show wannabe,
so just leave me be (just leave me be).
I'm a freak so give me a lobotomy,
lock me up and throw away the key
