

Unwritten Law, Machine (Hidden Track)

Frustration, Hesitation
Hand in a fist gives you dislocation
Become a soldier kill your coach-ah
Slits on your wrist good dog, roll over
Cuz the machine must go!
I'm gonna gonna gonna cleanse my soul
I'm gonna gonna let the whole world know
I'm never ever gonna wait in line
waste my time
The machine must go
Here's my finger
Fuck you!
Heres my finger
No question
Home religion
Grown through the swine
Summertime prediction
When youre ready,
Go steady
Funnel the meek
Come on and get me
Cuz the machine must go!
I'm gonna gonna gonna cleanse my soul
I'm gonna gonna let the whole world know
I'm never ever gonna wait in line
waste my time
The machine must go
Fuck you!
Machine must go, machine must go [x3]
Cuz the machine must go!
I'm gonna gonna gonna cleanse my soul
I'm gonna gonna let the whole world know
I'm never ever gonna wait in line
waste my time
The machine must-
I'm gonna gonna gonna cleanse my soul
I'm gonna gonna let the whole world know
I'm never ever gonna wait in line
waste my time
The machine must...
