

Unwritten Law, The Celebration Song

Ease up a little bit
Cause I want to want you
If all of the money's spent
Well that's fine to got you

By my side let's go for a long ride
In my car I'll drive you to my star
Out in space won't matter
Where we are
Hey Hey yeah

A celebration
About time
A generation out of line yeah
The revolution's in everyone

Blame the Gun

Blame the Gun

Ease up a little bit
Cause I have to have you
Drink up a little bit
If your mine I'll find you

By my side let's go for a long ride
In my car I'll drive you to my star
Out in space won't matter
Where we are
Hey Hey yeah

A celebration
About time
A generation out of line yeah
The revolution's in everyone

Blame the Gun

Yeah...

Yeah...

Hey Hey Yeah

A celebration
About time
A generation out of line yeah
The revolution's in everyone

Blame the ...
Celebration
About time
A generation out of line yeah
The revolution's in everyone

Blame the Gun

[repeat]
