

# Up Dharma Down, Every First Second

Meet me where I live  
Take me by the feet  
Walk me out of here  
Look into my eyes  
Watching you from the corner of end

You  
The only one who can change my life  
And I  
Could swear by the things that I wouldnt do  
For the first time

Meet me where I live  
In tiptoes, in tiptoes (Show me now)  
I dont want nobody to hear me say (Hear you say)

Coz I  
The only one who can change your life  
You  
Could swear by the things that I wouldnt do  
You know it  
For the first time

Ive done so many things that I wouldnt do before  
It started just one night and  
Now I want more and more  
For the first time
