

# Urge Overkill, Blow Chopper

Said oh yeah!  
now I'm not the kind to give no warning  
I've just been coming round all night  
I'm not the kind to leave in the morning  
I'm just trying to feed my shaking mind  
Blow Chopper Only one hopper ride  
Blow chopper only one copper yeah  
Blow Chopper only one hopper red red rain  
blow chopper only one copper it's a ride  
If you look hard into my eyes  
Baby then you'll see I've lost my mind  
Yeah you know I'm gonna burn on through the night  
make me feel alright, wanna go all night, make me feel  
all right  
Another errand and I know that I'm done, I need a  
dragon of beer  
Not alive but I'm not dead yet, in a cold cold sweat  
Babe if I'm not dead tomorrow morning  
this girl is gonna treat me right  
She's on the street, she's in the house  
build that chopper and go  
Oh yeah! I'm gonna get so high  
She's on the street she's in the house  
Build that chopper and go  
Oh yeah! I'm gonna get so high  
If someone tried to get in my way  
I would just look down and walk away  
Baby I'm just running out of time  
Build that chopper big ass fucking line  
Baby chopper line, running out of time  
baby chopper line  
Get down  
Blow Chopper Only one hopper ride  
Blow chopper only one copper yeah  
Blow Chopper only one hopper that's right  
**BLOW CHOPPER ONLY ONE HOPPER RIDE!**
