

# Urge Overkill, Last Train To Heaven

Last train to heaven  
well I caught it just in time  
pullin' out of New Mexico  
that's where I did my crime -  
I made a man swing  
from a necktie made of twine  
but they'll never catch me  
cause I jumped this No. 9  
- it'll all be fine  
Wait a minute - stop this thing  
some cajun hoodoo fate -  
this train is loaded down  
gotta cargo full-O-hate  
I axed them where it was  
this speedball liner's bound  
and they were laughing hyenas  
as they pointed to the ground  
- we're going down  
Last train to heaven  
what a goddam fool I been  
Open up that burnin stove  
for a shovel full-O-sin  
Fear is the conductor  
All aboard the Black Diamond  
- express train straight to Hell
