

Urge, Take Away

Yeah.

Yeah.

Lately

I've been asking myself

How I feel oh, ooh!

And I'm trying not to be too harsh.

Have to do my part. Woah, GO!

Take away, take away what I don't need

Save the good part please.

Fade away, fade away.

Yeah.

Back around once again,

But I don't mind.

Took a chance on some friends.

You might think I've lost my mind.

Pound me with questions all the time

For you or anyone else. COME ON!

Take away, take away what I don't need

Save the good part please

Fade away, fade away.

X2

Huuuuh!

Yeah.

Lately

I've been asking myself

How I feel oh, ooh.

Yes I'm trying,

Oh, yes I'm trying,

Oh, ooh.

Take away, take away what I don't need

Save the good part please

Fade away, fade away.

X3

Take away, ya

Oh take away, yaaaaa!
