

# Uriah Heep, I Want You Babe

Oh, I want you babe  
I want you all to myself  
And now and then  
I'm gonna hold you  
Tell you that I'm gonna love you  
Come with me and I will show you  
In a while I'll get to know you

Oh, you know I needed you woman  
I needed you, I needed you  
Every day and night, right  
Now and then  
I'm gonna hold you  
Tell you that I'm gonna love you  
Come with me and I will show you  
In a while I'll get to know you  
Yeah, yeah, oh

Well, you know what  
The secret is I guess  
And you think you know  
Who your lover's wife is

So you better stop  
That thing you're doing  
Baby, you're driving me, driving me  
Driving me to my ruins  
But I, I want you babe

When I was a young man  
Always trying to say hello babe  
But you'd never know  
You live in want  
Never knowing that I existed  
Till my mind was twisted  
I was always trying, sometimes crying  
Oh, I needed you, needed you  
Needed you ...

Stop that thing that you're doing  
Baby, you're driving me, driving me  
Driving me to my ruins  
Oh, I want you babe

I needed you, I needed you  
Every single day  
Of my entire life  
And everytime I tried  
Someone else would come along  
There it went again

But now and then  
I'm gonna hold you  
Tell you that I'm gonna love you  
Come with me and I will show you  
In a while I'll get to know you  
You and me we're gonna make it  
Come with me, we mustn't break it
