

# Useless ID, One Way Down

I'm covered in the wasted youth  
Tied down to the floor  
I'm getting tired of the abuse  
I'm coming back for more

You gave me wrong directions  
On a path to self destruction  
No one around us could believe  
You wanna let me breath

So there we were  
A mark without a trace  
So there we were  
Remembering

We'll hide away on different grounds  
While I keep hanging on, hanging on to you

But there's only one way down  
We crush into the past  
There's only one way down  
We crush into the past  
There's only one

There's only one...

You gave me indecision  
Every move with your permission  
Lost in a world with no sublime  
And running out of time

So here were  
A mark without a trace  
So here were  
Remembering

We'll hide away on different grounds  
While I keep hanging on, hanging on to you

But there's only one way down  
We crush into the past  
There's only one way down  
We crush into the past  
There's only one

There's only one...

One way down  
We crush into the past  
There's only one way down  
We crush into the past  
There's only one way down  
We crush into the past  
There's only one way down

This is the end of the way that I'm feeling (feeling)  
Got caught by the words that never had meaning  
But I'm hanging on to you

But there's only one way down  
We crush into the past  
There's only one way down  
We crush into the past  
There's only one way down

We crush into the past
