

Usher, Bad Habits

I love love
I am just bad at it
I just can't escape all of these bad habits
I had way to omany one nights
I keep messin' up my love life

I love love
I am just bad at it
I just can't escape all of these bad habits
I had way to omany one nights
I keep messin' up my love life

Every time i think thayt i found the one
I trurn waround and then another one come
On God, i be tryin' baby

And you should know the truth
I aon't lyin' baby
Every time i see my new girl
It's ythe best
Then i get another text from my ex
On Gog, it's like clockwork
She come through
I take her down and buy a new purse

I love love
I am just bad at it
I just can't escape all of these bad habits
I had way to omany one nights
I keep messin' up my love life

I love love
I am just bad at it
I just can't escape all of these bad habits
I had way to omany one nights
I keep messin' up my love life
