

# Usher, Can U Help Me

Living on an edge, out of control  
And the world won't just let myself down  
But in my biggest picture was the photo of you & me  
Girl, you know I tried  
I work hard to provide all of the material things  
That I thought will make you happy  
I'm confused, can you make me understand  
Cause I tried to give you the best of me  
I thought we cool, maybe I was blind  
But never took time to see  
1 - Will you help me  
Tell me what you want from me  
Can you help me  
Tell me why you wanna leave  
Baby help me  
Without you my whole world is fallin' apart  
And I'm going crazy  
Life's so crazy when you're in love for long  
(Ooh girl I love you)  
I need you to come back home  
(You know I need you)  
I don't want to be alone  
Girl, I'll put your love up on the shelf  
And I guess I'm just left here to die  
Now we're not together  
Cause I hurt you too many times  
Now you're not around  
I wish for every moment of time that got wasted  
We used to make sweet love  
Baby be my guide, please take my hand  
Want you to know that I got you if you need it  
I don't want to be on the outside looking in  
I got have you girl, can't you see?  
Repeat 1  
Give me another chance, I want to be your man  
Girl you got me down here on my knees  
Crying, beggin' please, I'll do anything for your love  
Oh  
Repeat 1  
Can you help me  
Tell me why, why, why, why, why  
Can you help me  
Girl I'll never stop cause you're all I got  
Can you help me  
Help me understand why I can't be your man  
Driving me crazy, crazy, crazy, crazy  
Oh baby, oh oh-oh  
(Oh girl I love you)  
Said I love you  
(You know I need you)  
Oooh I need you  
(Can't live without you)  
I cant go one day without you  
repeat...
