

Usher, Climax

Girl right on, we're fast
We've reached the climax
We're together, now we run down
When commands over, choose you

Run away, do we separate
Don't wanna give in
Till we both gave up
Can't take it back
It's too late we've reached the climax, climax

I've falling somehow, feet off the ground
Love is the glove, that keeps me waiting down
Where are you now? When I need you around
I'm on my knees but it seems we're over

Girl right on, we're fast
We've reached the climax
We're together, now we run down
When commands over, choose you

Run away, do we separate
Don't wanna give in
Till we both gave up
Can't take it back
It's too late we've reached the climax, climax

I gave my best, it wasn't enough
You came and said we argue too much

We made our best of what used to be lust
Why do I care, I care at all, at all, at all, at all

Girl right on, we're fast
We've reached the climax
We're together, now we run down
When commands over, choose you

Run away, do we separate
Don't wanna give in
Till we both gave up
Can't take it back
It's too late we've reached the climax, climax

You say, it's better if we love each other
Except when we leave
I just need you one more time
I can't get the one, we had on my mind
Where are you now? When I need you around
I'm on my knees but it seems we're over

Girl right on, we're fast
We've reached the climax
We're together, now we run down
When commands over, choose you

Run away, do we separate
Don't wanna give in
Till we both gave up
Can't take it back
It's too late we've reached the climax, climax...
