

Usher, Coming Home - feat. Burna Boy

Baby, baby
Miss you daily
Ooh, I wanna
Be inside ya
Ooh, I'll be in command
Oh, oh, oh, oh (Oh, oh, oh)

Ooh, I'm lost
My state in the world
The price I pay
For all this fame

But, baby, I'm coming
Oh, oh, oh, oh (Home, home, home, coming home)
Yeah, I'm coming to bed
Wanna cuddle in bed
Won't just open yo' legs
And then leave you for dead
Keep it G on the down-low
Ooh, turn on the radio
Let me take you to bed, take you to bed

See me coming
Runnin', runnin' on the journey
See me coming
Pick up and just try to find my way back, oh
Just put me on the right road
Make a run like Usain Bolt
Feel like I'm not even close
Ooh, I'm lost
Passin' the world
Like I been searchin', searchin' till thy kingdom come
Be my security
If I'm touchin' your feelings
No go for a see me
I been waitin', I nah come with any long gown

Ooh, I'm lost
My state in the world
Price I pay
For all this fame

Baby, I'm coming
Oh, oh, oh, oh (Home, home, home, coming home)
Yeah, I'm coming to bed
Wanna cuddle in bed
Won't just open yo' legs
And then leave you for dead
Keep it G on the down-low
Ooh, turn on the radio
Let me take you to bed, take you to bed

Take you to bed
Do this for days

I been walkin' in rain
I could do this for days
And you know I like when you put that
Look on your face
Yeah, I love when you scream
Scream it for me
Ooh, together we're coming, coming, coming, coming home, oh

Yeah, I'm coming today

Gonna cuddle in bed, baby
Won't just open yo' legs
And then leave you for dead, now
Keep it G on the down-low
Ooh, turn on the radio
Let me take you to bed, take you to bed
