

Usher, Doin' The Most

This is just to show my appreciation
For all of your love
For all of these years

[Chorus]

Your doin the most (yeah, yeah)
I wanna learn (oh yeah, yeah)
To understand (oh baby, baby yeah)
And I like it babe (and I like babe)
Listen

[Verse 1]

You there for me
Everytime
You make sure that Im
Alright
Down for me
With so much love
No matter what
I cant believe you deal with me
Even when I put you down
How can you keep giving?
When I disappoint you
You dont deserve it
But why do you take it?
Cause you say Im worth it

{Chorus}

Your doin the most (show me baby)
I wanna learn (teach me suga)
To understand
How to love and please you (yeah)
Like you do every time I need you (oh, oh yeah)

Your doin the most (your doin the most)
I wanna learn (I wanna learn)
To understand
I sampled a taste of your forever
And I like it babe (and I like it babe)

[Verse 2]

It been a minute since we spent some time
I was in the wrong state of mind
Hope I can fix it
With dinner by candlelight
A dozen roses
Hershey kisses for all the ground you walk on
If I never told you
Im so proud to say your mine
My time and attention
Im willing to give it
I dont wanna lose you
I couldnt take it

[Chorus]

Yeah your doin the most (your doin the most)
I wanna learn (teach me suga)
To understand
How to love and please you (yeah)
Like you do every time I need ya (oh, oh baby)

You doin the most (doin the most, yeah)
I wanna learn (I wanna learn)
To understand

Say I sampled a taste of your forever
And I like it babe (Ooo girl I like it)
I like it babe

[Bridge]

I used to have my dimes
Love was just a game to me
But now I know why loves so amazing
Because it changed me
You never gave up
And now I know
True love's not taken
Thank God you who you are
Cause you gave love
>From your heart

[Chorus]

Your doin the most (your doin the most)
I wanna learn (I wanna learn yeah)
To understand
Like you do everytime I need you

You doin the most (show me baby)
I wanna learn (I wanna learn)
To understand
Sampled a taste of your forever
And I like it babe (Ooo girl I like it babe)
I like it babe

All the times we fussed and fight
Wanna make you feel good tonight
This is your day suga
Smile for me babe

[Chorus]

Your doin the most (uh oh, your doing the most)
I wanna learn (girl I really want to understand)
To understand
Sampled a taste of your forever
And I like it babe (Ooh girl I like it)
I like it babe
You taste so good to me
