

# Usher, It Is What It Is

Uh, uh huh  
Gangster

[Verse 1]

I thought it was love  
Didn't wanna admit that  
When I looked back  
It was lust  
Too bad I had to learn a lesson  
They were against me  
You were with me  
But you never let your old thang go  
I don't care to know why  
Girl I guess some things  
Can't be explained

[Chorus]

It is what it is (what it is)  
I don't know what to call it  
Cause I'm feelin' something else (I'm feeling something else)

It is what it is (what it is)  
Just don't let yourself get caught up (uh huh)  
When it's really something else

[Verse 2]

Know that is okay  
Felt something going on  
For every time that I fought it (uh)  
Girl I bet that's what it was  
Called myself being down for you (ice cold)  
Just know that  
Even if I already knew you  
I already knew how you get down (uh)  
But if that's your thang, babe  
I ain't mad at you  
It's cool  
Just know I did it too

[Chorus]

It is what it is  
I don't know what to call it (don't know what to call it)  
Cause I'm feelin' something else (I'm feeling something else)  
It is what it is (what it is)  
Just don't let yourself get caught up (aww girl)  
When it's really something else  
Take it to the bridge

[Bridge]

I'm not saying that two wrongs can make it right  
It ain't too late for us to try (yeah)  
Do we put back together  
Or we say goodbye? (ha)

[Usher Talking]

Give me another chance  
You did it to shit  
It's all good, baby  
You eating, right?  
Well how can I smile, shit?  
It's better to smile than to frown anyday  
Yeah listen

[Chorus]

It is what it is  
I dont know what to call it (dont know what to call it)  
Cause Im feelin something else (Girl Im feeling something else)

It is what it is (what it is)  
Just dont let yourself get caught up (get caught up)  
When its really something else (if you want to get to be with me baby)

It is what it is (what it is)  
I dont know what to call it (call it)  
Cause Im feelin something else (uh, uh yeah yeah come on)
