Cold rainy day
Two of us, here for a reason
Radio was playing in the car

"Good-bye" is meaningless
Don't you think it'd be wonderful
If we meet again?

Can you hear my voice?
HEART STATION at 1a.m.
No need to tune the dial
Secret frequency

Radio signal of my mind, is it reaching you?
HEART STATION for sinners
Only God knows
I miss you

Why do only good memories last,
So much that I need to forget

You're right here, even when we're seperated
At the very center of my heart

I thought I heard your voice
HEART STATION at 1a.m.
Always beating together
Two pulses

Radio signal of my mind, is it reaching you?
HEART STATION for lovers
We have a request for tonight again
I love you

Can you hear my voice?
HEART STATION at 1a.m.
Still bonding us together
Secret frequency

Radio signal of my mind, is it reaching you?
HEART STATION for sinners
A secret only God knows
