

Utada Hikaru, Come Back To Me

The rain falls on my windows
And the coldness runs through my soul
When the rain falls, oh when the rain falls
I don't want to be alone
I wish that I could photoshop on
Our bad memories
Because the flashbacks, oh the flashbacks
Won't leave me alone
If you come back to me
I'll be all that you need
Baby, come back to me
Let me make up for what happened in the past
Baby come back to me
Come back
I'll be everything you need
Come back
Baby come back to me
Come back
Boy, you're one in a million
Come back
Baby come back to me
Come back
I'll be everything you need
Come back
Baby come back to me
Come back
On the bayside of Manhattan
She goes shopping for new clothes
And she buys this
And she buys that
Just leave her alone
I wish that he would listen to her
Side of the story
It isn't that bad
It isn't that bad
And she's wiser for it now
I admit I cheated
Don't know why I did it
But I do regret it
Nothing I can do or say can change the past
Baby come back to me
Come back
I'll be everything you need
Come back
Baby come back to me
Come back
Boy, you're one in a million
Come back
Baby come back to me
Come back
I'll be everything you need
Come back
Baby come back to me
Come back
You're one in a million
One in a million
Everything I ever did
Heaven knows I'm sorry but
I was too young to see
You were always there for me
And my curiosity got the better half of me
Baby take it easy on me
Anything from A to Z
Tell me what you want to be

I open my heart to be
You are more priority
Can't you see you punished me
More than enough already
Baby take it easy on me
Baby take it easy on me
Baby come back to me
Baby come back to me
Come back
Baby come back to me
Come back
I'll be everything you need
Come back
Baby come back to me
Come back
Boy, you're one in a million
Come back
Baby come back to me
Come back
I'll be everything you need
Come back
Baby come back to me
Come back
You're one in a million
One in a million
Come back
Baby come back to me
Come back
I'll be everything you need
Come back
Baby come back to me
Come back
Boy, you're one in a million
One in a million
Come back
Baby come back to me
Come back
I'll be everything you need
Come back
Baby come back to me
Come back
Boy, you're one in a million
One in a million
