

Utada Hikaru, Distance

keep it going,baby
Tell me

I wanna be with you now
distance

We can start over

I wanna be with you now
distance

We can start sooner
I wanna be with you

Keep on trying ,baby
trust me

I wanna be with you now
distance

We can start over

I wanna be with you now
distance

We should stay together
I wanna be with you

I wanna be with you now
Cuz I know this can't be forever
We can start over,just you and me
I wanna be with you now
Cuz I know this can't be forever
We should stay together,just you and me
I wanna be with you
