Who's the girl who's taking up all your time and all your days?  
Try thinking about something else once in awhile

What songs do you play for her in your car?  
I want to give you a CD you've never heard before

Wow wow wow  
You're so indecisive, you're leading me on

How about tonight? One night magic  
Oh we dance so slow, a simple art  
Dancing with my friend's lover  
It's our one night magic

If only we could see more and more and more and more and more of each other

Let's spread out a mat on the bottom of the ocean and chat,  
Life is short, creatures in all different colours swim around us

Wow wow wow  
Treasure me, I'll always be by your side

Sweet, sweet, freshly-picked fruits  
Hold me now or go, you only have one chance  
You're more than a friend, that much is obvious  
I'm feeling so good

The music begins to fade, what was chaotic becomes orderly  
A feeling that can't be put into words overwhelms me  
Circles and squares and triangles of light dance around  
I left my seat halfway through, without staying for the finale

How about tonight? One night magic  
Oh we dance so slow, a simple art,  
A mysterious social dance with a swan  
It's our one night magic  
If only we could see more and more and more and more and more of each other
