

# Utada Hikaru, You Make Me Want To Be A Man

I really want to tell you something  
This is just the way I am  
I really want to tell you something  
But I can't  
You make me want to be a man  
All your words that have no meaning  
This is just the way I am  
You really want to tell me something  
But you can't  
You make me want to be a man

The thunder and the rain  
Called me when you came  
We didn't need to say  
Much to communicate  
Now its different  
99 percent  
Is misinterpreted

I really want to tell you something  
This is just the way I am  
I really want to tell you something  
But I can't  
You make me want to be a man  
All your words that have no meaning  
This is just the way I am  
You really want to tell me something  
But you can't  
You make me want to be a man

Every word you say  
Finds a home in me  
Nothing anyone could ever say  
Could hurt me like this  
Baby please  
Don't light that cigarette  
Don't light that cigarette

I really want to tell you something  
This is just the way I am  
I really want to tell you something  
But I can't  
You make me want to be a man  
All your words that have no meaning  
This is just the way I am  
You really want to tell me something  
But you can't  
You make me want to be a man

I really want to tell you something  
This is just the way I am  
I really want to tell you something  
But I can't  
You make me want to be a man  
All your words that have no meaning  
This is just the way I am  
You really want to tell me something  
But you can't  
You make me want to be a man
