

# Utada, Lullaby

All I want is a lullaby.  
Oh Baby bring it to me now.  
All I want is a lullaby.Oh Baby.  
Oh Baby. Close the door behind you.  
Come right in. Come closer. Closer  
Can you feel the passion inside.  
Dim the lights. And take another step to me  
City lights are movin' lights.  
All I want is a lullaby.  
City lights are movin' lights  
All I wanna be is by your side.  
city lights are movin' lights. All I want is a lullaby  
City lights.  
I can feel your passion inside.  
I wanna take a step to you

And give you all the love you need.  
When the nights get longer.  
I wanna get with you  
And only you.  
You oughtta know by now.  
What you do to me.  
I'm touchin' you so sweet  
Really puts me in the mood.  
when the door's behind ou.  
Take me in. Come closer  
I need you closer.  
Then you'll feel my heartbeat inside.  
You just need to give me all  
The love that I need
