==English Translation==

&lt;/lyrics&gt;

Collapsing on top of the cold grass  
I want to hide my burning body

These mid-winter constellations are my lovers  
I have been waiting all this time

My mood today is the highest  
Like the sky that has no despair nor hope  
I want to be translucent

If we do not meet, we won't fight  
With no chance for disillusionment

The wind that is like a knife  
Helping to increase my speed  
Take 5

What version of myself makes me happy?  
Like the sky that has no success nor failure  
I want to be translucent

Take off my coat and step inside  
With no beginning and no end  
I want to live this day we call today honestly
