## Utopia, Just One Victory

We've been waiting so long, We've been waiting for the sun to rise and shine Shining still to give us the will Can you hear me, the sound of my voice? I am here to tell you I have made my choice I've been listening to what's been going down There's just too much talk and gossip going 'round You may think that I'm a fool, but I know the answer Words become a tool, anyone can use them Take the golden rule, as the best example Eyes that have seen will know what I mean

The time has come to take the bull by the horns We've been so downhearted, we've been so forlorn We get weak and we want to give in But we still need each other if we want to win

Hold that line, baby hold that line Get up boys and hit 'em one more time We may be losing now but we can't stop trying So hold that line, baby hold that line

If you don't know what to do about a world of trouble You can pull it through if you need to and if You believe it's true, it will surely happen Shining still, to give us the will Bright as the day, to show us the way Somehow, someday, We need just one victory and we're on our way Prayin' for it all day and fightin' for it all night Give us just one victory, it will be all right We may feel about to fall but we go down fighting You will hear the call if you only listen Underneath it all we are here together shining still
