

# Utopia, Special Interest

Got a special interest, you're my special interest  
Got a special interest, got a special interest in you  
I hear you've got some pending legislation  
Regarding your romantic situation  
And I just want to make my position quite clear  
You've got a constituent here  
And you'll find before you take one more step  
My hobby is to lobby on your doorstep  
And that big sack of mail and the telegrams too  
I'll give you one guess just who sent them to you  
I've been invested with a sacred mission  
To make sure that you make the right decision  
Though you may wonder now, in the long run you'll see  
A valuable ally in me  
And if by some misguided sense of duty  
You go with someone else instead of choose me  
When they've all let you down, and you're looking for help  
You'll find that I've swung my support somewhere else  
No one has to know, when pressures are brought to bear  
You can pretend that it was all your idea  
And you did it of your own free will  
Yes you did it of your own free will
