

# V-Corps, Feel Their Anger

Leave your throne and grab a gun  
fight for your own eternity  
you don't have the power for god sakes  
to decide  
who will be your fatality  
I can see the souls in the air  
but I'm not afraid  
cause I know their coming for you  
cause you were the one who send them for death  
now everyone knows the thruth  
I was wondering all the time  
why it's taking so long  
to understand the value of life  
something has to be done  
it has to be done  
Leave your throne and grab a gun...  
Now feel their anger  
yes feel their anger  
revenge is coming cause you wanted too much  
all these broken flowers  
will rise to the sky  
but you didn't let them to soar there alive  
you didn't let them... to soar there alive...  
I can see the souls in the air...  
I was wondering all the time...  
Leave your throne and grab a gun...
