

# V-Factory, Round and Round

I cant believe it  
Here we go again  
Youre in your corner  
But you wanna do me in  
And then that bell rings  
To let the games begin  
You playing dirty and its just so hard to win  
Pre-Chorus:  
You got my number but you dont call me back  
You got my tongue so tied I cant tell where Im at  
Girl what you doing  
Dont find it amusing  
Stop messing with my head  
With you it never ends  
Chorus:  
We can go round and round and round  
Baby we can go round and round and round  
but damn you tear my heart apart, yeah  
We can go round and round and round  
but u always end up taking the crown  
Cause girl your love it knocks me out  
Movin in circles  
While I protect myself  
Youre throwing punches  
And you always aim to hit  
Why cant we get along  
Is that too much to ask  
There was a time when  
You and me were good like that  
Pre-Chorus  
Chorus x2
