

V-Factory, Round and Round

I cant believe it
Here we go again
Youre in your corner
But you wanna do me in
And then that bell rings
To let the games begin
You playing dirty and its just so hard to win
Pre-Chorus:
You got my number but you dont call me back
You got my tongue so tied I cant tell where Im at
Girl what you doing
Dont find it amusing
Stop messing with my head
With you it never ends
Chorus:
We can go round and round and round
Baby we can go round and round and round
but damn you tear my heart apart, yeah
We can go round and round and round
but u always end up taking the crown
Cause girl your love it knocks me out
Movin in circles
While I protect myself
Youre throwing punches
And you always aim to hit
Why cant we get along
Is that too much to ask
There was a time when
You and me were good like that
Pre-Chorus
Chorus x2
