## Vader, Into Oblivion

the gates were open in time before the time for eons ruled by all forms of life creature, begins, matrix of the matter so odious, degenerated like a plague

those mutants!

cosmic trigger a fortuity in eternity illusion of divinity and superiority destiny programmed before it all begun now be gone! thrown into limbo of obscurity

into oblivion! into oblivion!

all gods whit their temples all men whit their history all myths with their purity time is irrelevant forever

dreams of immortality and life eternal legends of holiness and salve names, secrets, imagination like tears n the rain will disappear

into oblivion! into oblivion!
