

# Vader, Reign Forever World

[Music: Piotr Wiwczarek, Lyric: Lukasz Szurminski]

"The inevitable process of evolution,  
climbing on to the higher levels of development  
is today available only for the chosen.  
This is a true fruit of Christian pestilence but also a reflection  
of the eternal law of nature: the rulers need the mob".

Left hand vested in the symbol of Mars  
Right hand vested in the symbol of Sun  
Standing proud  
We raise foreheads adorned with the symbol of Jupiter

The end of the Nazarene has come...  
We evoke dominion  
We bring this world to its knees

Dominating, masterful, self-assured  
Invoking our wishes  
Whirling in chaos  
With yellow red and blue  
We as chaos...

We evoke dominion  
We as chaos assume control!  
We as chaos, we rule our lives  
We bring this world to its knees
