Vader, This Is The War

Call the god of mars !!!
Wake up your hate and fury
I am raising flag of death
With the sign of victory

We have to say "enough!" To the liar on the cross So scream with me aloud !!!!

This is the war That you were asking for !!!

This is the war Total war !!!

War for freedom War for pride War for future For all of us War for life And worthy death For you and me This is the war!!!!

Call the god of hell !!!
Release all fire demons
Show your fists and teeth
And join the troops of death !!!!

We have to say "enough!"
To the scared behind the mask
So scream with me again !!!!

This is the war Total bloody war War !!!
