

# Val Emmich, We Were So Close (To Being Close

We were  
So close  
To being close  
Just when I loved you the most  
You turned into a ghost

You were so far away  
I wish you could stay  
But that's not your way

We were  
So close  
To being close  
You were so far away  
I wish you could stay  
But that's not your way

Where did I get the idea  
That I could keep you?

You're just like a vacuum  
I got sucked into  
There's nothing but air inside of you

You're just like a vacuum  
I got sucked into  
There's nothing but air inside of you

You're just like a vacuum  
I got sucked into  
There's nothing but air inside of you

You're just like a vacuum  
I got sucked into  
There' nothing but air inside of you

We were so close to being close  
Just when I loved you the most  
You turned into a ghost  
You turned me on  
Then you were gone
