

# Valentine, You Make Me Sick

Babe I search for another one  
My decision cant be wrong  
and I feel what I feel

I think its clear  
and I dont wanna hear  
the excuses you`re telling me!

Bridge:

But you dont listen to my words  
and beg for so much more  
...dont try to accept  
what I told you that day  
and now I will tell you what youve done for me.....its nothing and so I say:

Chorus:

You make me sick  
cause you dont understand me  
You make me sick  
and I feel being misunderstood  
(2x) sick.....

When I look into your eyes  
then I realize, theres a devil inside!  
Ill proclaim to all your friends  
that I buried our love  
youll also be smothered with it now

Bridge

Chorus
