

# Valhalla, Towards The Unlight... On Black Wings

Towards The Unlight... On Black Wings Of Death

With A Distant Sparks Fulfilled The Dome Of Nightsky...  
The Nocturnal Haze Enlightened By Moonlightwaves...

Into The Chasm Of Darkness  
Belost In The Stream Of Shadows  
Towards The Eternal Unlight  
Losing The Taste Of Life, Fallen  
Into Oblivion In The Stream Of Days...  
To The Cold Of Death  
Immersing Into Unbeing  
Sights Of Another World Shine  
Through The Silent Darkness Of Nebular Nights...

I Awake  
Life's Ended, man Is Dead  
Away From Light  
On Black Wings Of Death - Forever  
My Lifeless Sight Gazed  
Beyond The Flaming Horizon  
Forever Now I'm Free  
From Blinkers Of Fleeting Life...
