

Vampire Knight, Still Doll

Hi Miss Alice.
With glass eyes
What kind of a dream
Are you able to have?
Are you entranced by?
Again for me
My heart tears apart
And flows out
Memories
Pierce into
The mended crevice
Hi Miss Alice.
With a fruitful mouth
To whom are you
Throwing love at?
Grieving love at?
Im already
Spinning words
The warmth of my tongue
Completely cools
And I cant sing
The song that I adore
Still, you do not answer.
