Van Canto, King of metal

Manowar Manowar living on the road
When we're in town speakers explode
We don't attract wimps cause we're too loud
Just true metal people that's Manowar's crowd
They wanna keep us down
But they can't last
When we get up
We're gonna kick your ass
Gonna keep on burning
We always will
Other bands play - Manowar kill
Other bands play - Manowar kill
We like it hard, we like it fast
We got the biggest amps, man they blast
The true metal people wanna rock not pose
Wearin' jeans and leather, not crackerjack clothes
They wanna keep us down
But they can't last
When we get up
We're gonna kick your ass
Gonna keep on burning
We always will
Other bands play - Manowar kill
Other bands play - Manowar kill
[Solo]
Now listen to me!
We're the kings of metal comin' to town
When we light up have the roof nailed down
Don't try to tell us that we're too loud
Cause there ain't no way that we'll ever turn down
They wanna keep us down
But they can't last
When we get up
We're gonna kick your ass
Gonna keep on burning
We always will
Other bands play - Manowar kill
Other bands play - Manowar kill
Kings of Metal - Kick your ass
Kick your ass - Manowar kill
We're comin' to town - Kick your ass
Kings of Metal - Manowar kill
Coming' to town - Kick your ass
We're comin' to town - Manowar kill
Kings of Metal - Kick your ass
We're gonna, we're gonna, we're gonna coming' to town - Manowar kill
Kings of Metal - Kick your ass
Kick your ass - Manowar kill
Kick your ass - Kick your ass
We're gonna coming' to town...
