

Van Halen, Get Up

Wow!

Feel like throwin' in the towel?

Don't be a fool

They're out to knock you out n' put you down for the count

Hey, watch the left, watch the right

Below the belt

Uh! They'll run run run you round and round

It's plain to see

It's never gonna stop

They'll run you til you d-d-d-drop

There ain't no power 'round

Can't keep a good man down

Ah, there's still some fight in me

That's how it'll always be

Hold your head up high, look 'em in the eye

Never say die

Ow! Get up and make it work (Make it work)

Get up. Get up and make it work

You say that love has got you down

Well that's bullshit

Yeah, if this love has got you down

Then love can pick you right back up

There ain't no power 'round

Can't keep a good man down

Walkin' down a dead-end street

Yeah, no mercy at your feet

They're holdin' all the cards

Makin' things so hard, 'fore it goes too far. Kick it

Ow! Get up and make it work (Make it work)

Ow! Get up. Get up and make it work

Wow!

Get up and make it work (Make it work)

Ow! Get up. Get up and make it work

Feel like throwin' in the towel?

Don't be a fool

Hey, they're out to knock you out n'

Keep you down for the count

Now, watch the left, watch the right

Below the belt

Yeah, there's still some fight in me

That's how it'll always be

Hold your head up high, look 'em in the eye

Never say die!

Just, get up and make it work

Uh! Get up (Get up) make it work (Make it work)

Come on get up make it work (Make it work)

Get up!

Ow!
